TERRIBLE EXPLOSION IN ARSENAL POWDER FACTORY AT CANTON, CHINA.

MIGHTY YUNG LU IS DEAD

Men Who Was Formerly Generalissimo of the Chinese Army and Who Was Reputed to Have Had More Influence Than Even Li Pung Chang, Dies of Dropsy—Was Also a Boxer Leader and Hated Foreigners.

Hong Kong, April 11.—An explosion has occurred at the Canton arsenal powder factory. Fifteen hundred persons are reported to have been killed. No details are obtainable.

THE GREAT YUNG LU HAS PASSED AWAY

Reputed to Have Been the Real Sinister Power Behind the Dragon Throne.

Peking, April 11.—Yung Lu, the controller of finances and first grand secretary, is dead. He had been suffering for some time from dropsy and was known to be critically ill. A month ago he asked permission to retire from office, but the dowager empress urged him to take a rest instead, as the emperor needed his services.

Yung Lu was a Manchu and at the time of the beginning of the Boxer outbreak was viceroy of the province of Pe Chi Li and generalissimo of the Chinese army. He was then said to be the most powerful man in China, his influence being even greater than that of Li Hung Chang.

The rapid rise of Yung Lu from a small military command to be viceroy of Pe Chi Li and later to be one of the highest counselors of the dowager empress, is said to have been unprecedented. He obtained his post of generalissimo as a reward for crushing the reform party in China.

Yung Lu was said to be the real author of the anti-foreign outbreak in Peking and Tien Tsin, and he commanded the best disciplined troops which opposed the allies. This latter fact was recalled by foreigners when, in 1901, he was awarded the two-eyed peacock feather "for protecting foreigners against the Boxers."

Yung Lu's death removes the greatest power in the government of China, except the dowager empress, and many consider that the dowager empress was under his domination. While outwardly friendly to foreigners since he returned to court, there is no reason to believe that Yung Lu was really less bitter against them than when he was one of the leaders of "Boxerism." His death was largely due to his refusal to consult any foreign physician until almost in extremis, when he called in the doctor of the Japanese legation.

DEATH OF CONSUL ADDS TO GRAVITY OF SITUATION

Act of Albanian Sentinel Places Sultan of Turkey in Delicate Position.

Constantinople, April 11.—The Russian consul at Mitrovitz, M. Stcherbina, who was shot by an Albanian sentinel there recently, is dead.

Vienna, April 11.—M. Stcherbina was one of Russia's promising diplomats. In his previous posts he had made himself obnoxious to the Albanians and the suspicion exists here

that he was deliberately sent to Mitrovitz, where no other country has a representative, in order to promote trouble. The danger he ran was so patent that a large escort of Cossacks was sent to accompany him. Russia, before M. Stcherbina's death, had protested against the sentence of imprisonment on his assailant and demanded the latter's execution. It is now expected that she will insist on the murderer's execution. Compliance with Russia's demand would expose the sultan to the revenge of his bodyguard, which is composed of Albanians, and non-compliance, to a possible Russian intervention. Hence, the situation is considered extremely grave.

PETRICH INHABITANTS REVEAL

Detachment of Turkish Troops Engages Insurgents.

Salonica, European Turkey, April 11.—The inhabitants of some of the villages in the district of Petrich have revolted. A detachment of 350 Turkish troops has been engaged with the insurgents. Reinforcements have left Salonica for the scene of the disturbance.

HOLD ANGRY MASS MEETINGS.

Amsterdam Workmen Dissatisfied With Calling Off of Strike.

Amsterdam, April 11.—The workmen's defense committee has issued a manifesto explaining that a continuation of the strike will only expose the strikers to the vigorous penalties of the new anti-strike bill, which has practically become law. The committee has therefore decided to leave each trade union free to act as it thinks best.

The calling off of the strike has resulted in the holding of angry mass meetings of strikers. The anarchists and socialists are busy exploiting the situation, urging the men to ignore the committee and continue the strike. The men are inclined to follow this course, finding themselves confronted by dismissal and too deeply committed to withdraw. Some rioting occurred at the gas works at night, the police charging a mob of strikers who were intimidating the non-strikers.

Faust Jury Disagrees.

Carroll, Ia., April 11.—The jury in the Faust murder case disagreed and was discharged. Charles Faust is charged with the murder of his brother, James Faust, on Dec. 1.

FIGHTING AT SANTO DOMINGO.

Government Forces Repulsed After Battle Lasting All Day and Night.

Santo Domingo City, Tuesday, April 7.—The negotiations for a peaceful settlement of the question in dispute, initiated by the consuls, have failed and the suspension of hostilities ended at 10 o'clock yesterday morning, when President Vasquez opened fire upon the revolutionary positions. The rebels in this city replied with cannon and the fighting lasted during the whole of yesterday and through last night, only ceasing this morning, by which time General Vasquez's troops had been finally repulsed in their assault on the city. The number of killed and wounded is unknown.

The government troops made a second attempt this morning to force their way into the city, but after a heavy fight on the banks of the river, they were again thrown back. The insurgent general, Peppin, was killed. President Vasquez's forces are at the suburb, San Carlos, and their prospects of a successful assault on the city appear remote, as it is well barricaded and defended by heavy guns. A suspension of arms has now taken place in order that the Red Cross corps may attend to the wounded.

Italian and German warships have arrived here and have landed marines to protect their respective consulates. Many families have gone on board the foreign warships for safety. It is reported that the foreign warships will disembark parties of marines in case of pillage.

WILL SUSTAIN BOWEN

PRESIDENT CASTRO TO UPHOLD HIS ATTITUDE RESPECTING SETTLEMENT.

QUESTION FOR THE HAGUE

Preferential Treatment of Blockading Powers to Be Determined by That Tribunal—Indirect Overtures Were Made to Venezuela's Executive for Settlement of Controversy—Bowen Bitterly Opposed the Method.

Washington, April 11.—News has been received here from Venezuela to the effect that President Castro will remain firm and sustain Mr. Herbert Bowen, Venezuela's plenipotentiary, in the attitude he has taken respecting the settlement of the claims against Venezuela and in favor of referring the question of preferential treatment of the blockading powers to The Hague for determination. The statement contained the information that no overtures have been made to President Castro directly by the representatives of the allied governments for settling the controversy, but overtures with this object in view have been made to the government by some financial syndicates.

Bitterly Opposed Settlement. Mr. Bowen has opposed bitterly any settlement through financial syndicates and President Castro has sustained him. It is believed by Mr. Bowen that now this matter is settled, the protocols remaining to be agreed on prior to a reference to The Hague will be concluded before very long.

As the time approaches in which, according to the terms of the protocols, the members of the mixed commissions to sit at Caracas to adjudicate the claims of the various nations against Venezuela must be appointed, considerable interest is attached to the personnel of these bodies. Mr. Bainbridge of Iowa, it is understood, already has been selected to act as a commissioner for the United States, and the names of Frank Patridge of Vermont and Robert C. Morris of New York have been mentioned in connection with other places which the president will have at his disposal.

CAPTURE BARQUISIMETO.

Venezuelan Revolutionists Defeat Government Forces.

Willemstad, Curacao, April 11.—News has been received here that the Venezuelan revolutionists have defeated the forces of the government in the neighborhood of Caracas and captured two cannon and a large quantity of ammunition. They have also captured the city of Barquisimeto, which is the key to the western part of Venezuela, taking many prisoners. Heavy fighting, undecided as yet, has taken place at Coro.

Warmly Welcomed in England.

London, April 11.—The probability of President Loubet returning King Edward's visit is warmly welcomed in England. It will be the first visit of the head of France to England since Napoleon III's visit to Queen Victoria in 1855, during the Crimean war.

Body Devoured by Wolves.

Great Falls Mont., April 11.—The body of Ben Swivert, an old-time printer, partly devoured by wolves, was found near his ranch, thirty miles from Benton. It is supposed he was taken sick when near his ranch and was attacked by the wolves.

SENATE CHAPLAIN DEAD.

Famous Blind Minister Passes Away in California.

Washington, April 11.—The Rev. William Henry Milburn, the venerable blind chaplain of the United States senate, is dead at Santa Barbara, Cal. Word to this effect was received here by Colonel D. A. Ramsdell, the sergeant-at-arms of the senate. Mr. Milburn, accompanied by his two nieces, the Misses Timley, left Washington for the Pacific coast about a year ago. The chaplain was in broken health. The change brought no great improvement in his condition and when congress met in December he forwarded his resignation to Washington, but it

CHAPLAIN W. H. MILBURN.

was never acted on. The deceased was a native of Philadelphia, where he was born in 1823.

When he was five years of age a playfellow accidentally struck him in the left eye with a piece of glass. For two years he was confined to a dark room under medical treatment, and when he came out one of his eyes was entirely blind and little sight was left in the other. He, however, pursued his studies at school and college for about twenty years, the slight growing dimmer until gradually he became totally blind.

Mrs. Milburn was twice elected chaplain of "congress," the first time in 1845, when a little over twenty-two years of age; was twice chaplain of the house of representatives, and lastly chaplain of the senate, to which office he was elected in 1893.

NORTHERN SECURITIES CASE.

Washington Officials Look for Victory Before Supreme Court.

St. Paul, April 11.—A special to the Globe from Washington says:

Attorney General Knox, Special Attorney W. A. Day and other officials of the department of justice, who were concerned in the suit brought by the government to prevent the merger of the Northern Pacific and Great Northern railroads, are elated over the decision of the United States circuit court. They believe the government has been strengthened immensely in its determination to regulate the trusts. This case has been regarded by the department of justice as the most important under the anti-trust law.

The officials seem to have no doubt that if the case is taken to the supreme court of the United States on appeal that tribunal will sustain the decision of the lower court. It is so unusual for four judges to agree on a question of great moment that the unanimity of the four United States judges who heard the Northern Securities case is considered very significant. This is especially so, as three of the judges have had long experience on the bench and are jurists whose opinions always have great weight, while the fourth, though a young judge, has a reputation for deep learning in the law.

DAMAGE TO THE IOWA.

Explosion of Turret Gun Puts Warship Out of Commission.

Pensacola, Fla., April 11.—The damage to the battleship Iowa, caused by the premature explosion of a shell in the forward port twelve-inch gun, has developed to be more serious than was thought when the first examination was made, and as a consequence, the big ship has been ordered to the New York navy yard to go out of commission.

It is known that three decks, including the upper deck in the forward part of the ship, will have to be entirely removed and rebuilt.

It is feared that the steel supports under the twelve-inch port turret are sprung to such an extent that they will have to be removed.

The gun itself is a hopeless wreck. Although the gun which burst went into numberless pieces, the end of the gun is as smooth as if it had been turned out of a shop, and except that it is about twelve feet shorter than the starboard gun it is hardly noticeable that an explosion occurred. According to the record of the exploded gun, it was good for at least another year of service and reports that the guns had been condemned are without foundation.

THE ARKANSAS TORNADO.

Belated Reports Show Damage Was Underestimated.

Newport, Ark., April 11.—During the tornado of last Tuesday night a family of three pearl fishers named Tapp, who lived in a shanty boat on White river, were drowned.

Belated reports from Van Buren county and from the village of Pearson, Cleburne county, show that the damage done by the tornado has been underestimated. Pearson was almost wiped out of existence.

Five villages in Van Buren county are known to have been destroyed.

PLOT TO KILL ALEXANDER.

Fifty Arrests Made in Connection With Conspiracy Against Serbian King.

Vienna, April 11.—The rumors current of a plot against the life of King Alexander of Serbia received apparent confirmation in private dispatches which have been received at Budapest and according to which an attack on the king's life was planned for next Sunday. The plot was discovered and fifty persons suspected of complicity therein were arrested.

Other arrests are expected. Semi-official reports from Belgrade declare that these rumors are false, but it is thought here that King Alexander's recent coup d'etat was hastened by the discovery of the alleged plot.

Attempted Murder and Suicide.

Indianapolis, April 11.—Charles Bass, a negro barber, slashed his wife with a razor and then blew out his brains at the Metropolitan school of music. Bass had previously attempted to kill his wife.

The Scientific American says: "Ex-Senator Charles A. Towne, of Minnesota, recently paid a visit to Niagara Falls for the purpose of making preliminary arrangements for the construction of a new building to accommodate a new industry. The senator is interested in the American Carbolic Company and it is proposed to locate a plant there for the manufacture of acetylene gas generators and other allied industries. The works will cover about ten acres and will give employment to about three hundred men. It is proposed to build a model city which will be brilliantly illuminated by the use of acetylene. The process made use of by the company is the invention of Heman L. Hartenstein, of Chicago."

Answer to Charges.

Major George L. Scott's answer to charges preferred by Senator Clapp because of alleged interference with the administration of the Red Lake treaty act, has been received at the interior department, but both Secretary Hitchcock and the acting commissioner of Indian affairs refuse to discuss it, nor will they give out any information about it, both saying that it is a matter that belongs to the president. The statement will be sent to him or kept in Washington until his return from the west, most probably the latter.

Those who are familiar with Major Scott assume that he does not retract any statement he has made nor does he offer any apology for his attitude. He re-states his position that the treaty should be fully explained to the Indians before they are asked to ratify it, and insists that he has not overstepped the bounds of his duty in insisting that this should be done. The secretary agrees with him that he has directed Major McLaughlin to make a fuller explanation of the treaty when he held council with the Indians.

I have a pasture of about 250 acres, fenced adjoining the city limits with a spring book running through it, also 40 acres plowed, which can be leased for the summer.

THOUGHT TO HAVE OVEREATEN.

Old Man Dies at Fort Ripley After Having Eaten Two or Three Square Meals.

Coroner Chas. Osterlund has had a queer case to solve at Fort Ripley this week. He was called there to investigate the death of an old man who had passed his seventies who was found dead in an old shack where he had lived for some time.

It seems that the old fellow hadn't a dollar in the world and existed only by going out among the neighbors and begging for a morsel to keep himself going. In this way he managed to get along, but there were days when he would not eat a mouthful.

As short time ago he had been somewhat indisposed and could not get around much and the result was, he went without very much to eat. He finally managed to get to the hotel at Fort Ripley and they took compassion on the old fellow and at the noon hour invited him in to have a square meal.

He accepted the offer and 'tis said of him that he was so ravenously hungry that he devoured everything in sight. He had supper there again and ate so much that it is thought it resulted in his death.

A GENUINE CURIOSITY.

An Old Bible Handed Down Which Bears the Date of 1755 and was Printed at Nuremberg.

L. J. Cale is exhibiting a genuine curiosity these days to his many friends. It is an old Bible in the German language and printed at Nuremberg in the year 1755, and is the first translation of Martin Luther from the Hebrew language. The title page gives the information that the book contains a complete Holy Writ of the Old and the New Testaments with quotations by Luther. It was commenced in the year 1522 and was completed in the year 1534.

There are two pages in the old Bible which has a complete family record, but the writing is not very plain to the naked eye. There is one name at the top of the first page which stands out very plainly, "Phillip Hoover, 1758". The inscription to the one side of this is as follows: "He Will Be Good."

The old book is a rare specimen of the printer's art in those days and is worth going miles to see. It was handed down to Mr. and Mrs. Cale by Mrs. Cale's people. The parents of Isaac Barriek, father of Mrs. Cale, are thought to have brought the Bible to this country from Germany. It is just 148 years old.

Archibald, well known in North Dakota, having been superintendent of the insane asylum at Jamestown; Dr. Angus McDonald, Dr. Thomas Mc Davitt, Dr. W. A. DeDennis, Dr. Walter Ramsey, Dr. J. C. Corcoran, Mr. Moses Folsom, all of St. Paul; Dr. Henry M. Wheeler, Grand Forks; Dr. Norman Chance, Little Falls, Minn.; Dr. Aylen, Sheldon, N. D., and Dr. James Camp, Brainerd, Minn. Nearly all of the members of the party have been visitors to Bismarck on former occasions, and all express themselves as surprised and gratified at the improvement constantly going on in the city and especially at the extent and appropriateness of the decorations. They are extremely generous in the praise of the genuine hospitality extended by their host on this occasion. —Bismarck Tribune.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50 cents, guaranteed, at Olaf Skauge and H. P. Dunn & Co.'s drug stores.

WAS A DESPERATE STUGGLE FOR LIFE

Gus. Peterson, a Prosperous and Well Known Farmer, Meets Tragic Death.

IN RIVER NEARLY TWO HOURS.

Succeeded in Getting Out After a Struggle but Dropped Dead on Shore.

Gus Peterson, a prosperous and well known farmer of Morrison county, met death yesterday afternoon about 5 o'clock near Pillager in a most tragic manner. He had fought his way desperately through the water to shore after being precipitated from his boat, but dropped dead almost instantly.

It seems that he and his nephew, Al Parsons, came to Pillager yesterday morning on business. They had transacted most of their business and the old gentleman started for home. Al Parsons having decided to remain in the village over night.

As is the usual custom the two men crossed the Crow Wing river near Pillager in a boat and Peterson was returning across the river in the same manner. A large log floating down the stream struck his boat and he was capsized.

This was almost in the center of the river it is thought, and as the old gentleman could not swim it seemed like a hopeless case. He fought for about an hour and a half or two hours in the water trying to get to shore. He finally reached a rope which was stretched across the river and by almost superhuman efforts made the shore. He was weak, very weak when he landed and cried for help, but before any one could reach him he had fallen to the ground and died.

Deceased was very well known about Pillager and well known in this city. He was quite well to do and leaves a wife and several children.

Al Parsons, his new nephew, passed through the city this afternoon having been to Little Falls where he secured the coroner.

MUSIC AND DRAMA.

COSGROVE'S CONCERT ORCHESTRA.

Of the Cosgrove Concert Orchestra, which is to appear at Gardner hall on the evening of April 16, under the auspices of the Brainerd aerie, Order of Eagles, the Duluth Herald has the following to say:

"A large and very enthusiastic audience greeted the Cosgrove Orchestra company at the Armory last evening. The orchestra work was well received and several encores were responded to. A medley of operas, a descriptive selection introducing the Indian 'Pow-wow' dance and the Poet and Peasant were among favorites. A big feature of the entertainment was the excellent work done with the musical novelties introducing the marimbaphone, sonnerphone, bells, and the beautiful aluminum chimes. Miss Hazel Kirk Strayer, the star of the company, proved herself a most excellent entertainer and received flattering encores to her numbers. She gives the highest promise of becoming one of the greatest singers of the world. Her voice is a fine Lyric soprano of remarkable compass and deliciously sweet in its entire range. Aside from the musical gifts and attainments she has a gracefulness of bearing and a graciousness of manner that is winsome and charming. Added to all this is a fine and expressive face that is more than handsome. Madeline Hudson played 'Legende' by C. Bohn; also a Hungarian dance but was better heard in 'The Flower Song' and Trumeri. The orchestra play a return date here on Oct. 6th by special request for the Modern Samaritans. They are well worth hearing."

MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes:

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for."

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

A million suffering women have found relief in Wine of Cardui.

HUNDRED MOROS KILLED.

Force of Americans Captures Bacolod,
in the Island of Mindanao.

Manila, April 11.—Captain Pershing's force captured Bacolod, Island of Mindanao, Wednesday, killing a hundred Moros and wounding many others. Three Americans were wounded.

Pershing's force consisted of Shaw's battalion of the Twenty-seventh infantry, Kilpatrick's troop of the Fifth cavalry and McNair's battery. Pershing was surveying the west shore lands when the Bacolodians opposed his advance and provoked the fight. Pershing surrounded and attacked their stronghold, first shelling them, and rushing his troops forward, charged gallantly. After crossing a deep moat and entering the fort the Americans engaged the Moros, bayonets against knives. A hundred of the defenders were killed, including the datto of Panadungan, and many were wounded. Only three Americans were wounded. After the capture of the fort it was destroyed.

BARREN OF RESULTS

PENNELLY INQUIRY CLOSES WITH
THE BURDICK MURDER STILL
A MYSTERY.

THE AUTOMOBILE TRAGEDY

Evidence Fails to Show Whether Pen-

nella Met Their Death by Accident
or Design—Justice Murphy Delivers
His Verdict—Copy of Pennell's
Statement Read to the Court by the
District Attorney.

Buffalo, N. Y., April 11.—The evidence given at the inquest into the deaths of Arthur R. Pennell and Mrs. Pennell before Justice Murphy will not help the authorities in any way to a solution of the Burdick murder mystery. Whether the tragedy at Gehers' stone quarry on March 10, in which Pennell was killed and Mrs. Pennell was fatally injured, was due to accident or design, was not proven.

Thomas Penney, who has acted as attorney for the Pennell family since Arthur Pennell's death, declared that so far as he was aware nothing in the papers left by Mr. Pennell would throw any light upon the murder of Edwin Burdick. When questioned regarding the alleged defalcations of Pennell, Mr. Penney declined to answer.

J. Frederick Pennell, brother of the dead lawyer and administrator of his estate, who has possession of most of the papers, was out of the city and Mr. Penney informed the court that he did not know where he was or when he would return to Buffalo.

Judge Murphy on the Evidence.

"Evidence that would show defalcation would simply be accumulative," said Justice Murphy, after the evidence was all in. "No stronger motive could be proven than has already been brought out here in the Burdick inquest. But proving a motive does not establish suicide. The court is prepared to announce its findings."

Judge Murphy then delivered his verdict as follows:

"I find and certify,
"That Arthur R. Pennell came to his death on the 10th day of March, 1903, as a result of injuries received while riding in an automobile, the said automobile plunging from an embankment into the Gehers stone quarry.

"That I cannot determine from the evidence submitted whether such plunge was accidental or designed.
"That Carrie Lamb Pennell came to her death as a result of the said plunge of the automobile into the quarry."

When Wallace G. Omphellus, who was Pennell's clerk, was called to the stand, he said Mr. Pennell got out a statement for publication, but took the manuscript to make some corrections and witness did not see it again. He said J. Frederick Pennell found the revised copy of the statement. He himself had a copy of the original statement as transcribed from his stenographic notes.

Statement of Pennell.

Mr. Coatsworth read it. It was prepared on the Saturday following the murder and was addressed to the public. In the statement Pennell stated that he had satisfied the district attorney and the public that he had nothing to do with the Burdick murder. With reference to his connection to the divorce proceedings, he said that the living have their lives to live and have greater rights than the dead. He declared that there was no truth in the charges brought against Mrs. Burdick or himself in the complaint. He declared that there was no reason why she should have been driven from home by Burdick; that Burdick had been intimate with a woman who he intended to marry, and that it was not until Burdick learned that Mrs. Burdick was to sue him for divorce, that Burdick himself decided to sue his wife for a divorce.

Pennell declared that Burdick learned of his wife's intention to sue for divorce when he secured her papers from the safety deposit vault, by forging an order on the deposit company. Pennell declared Burdick was killed by an unknown woman whom he had invited to his house at midnight.

Witness Omphellus stated Pennell had two revolvers in his office. Witness now had them at home. Pennell had one up to the day following the murder of Burdick and then he got another.

After a discussion of Pennell's alleged defalcations by opposing attorneys, Judge Murphy rendered his decision and the inquest was declared closed.

THREE MEN DYING.

Desperate Battle With Revolvers Over
a Card Game.

Athens, O., April 11.—In a fight at Jacksonville, twelve miles north of Athens, four people were fatally and one seriously shot.

The fight occurred in a saloon of which Mrs. Skrotsky is proprietor. A large crowd assembled in the saloon for an evening of card playing and drinking.

Tinkham and Hobbelt as partners were playing Riley and Cochran, who were badly beating their companions. Presently Tinkham threw down his cards, declaring he had been cheated. He pulled his revolver, his three companions followed suit, and the four began to shoot at each other at arms length. A dozen shots were fired and when their weapons were emptied four men, three dying, lay in pools of blood, while Mrs. Skrotsky, shot through the breast, accidentally, lay behind the bar. She and Tinkham cannot survive through the night.

Cochran and Tinkham were carried on stretchers to the Jacksonville prison, where hundreds of excited people gathered. Mayor Ginn of Jacksonville has sworn in many extra policemen to assist Marshall Charles Stewart in keeping out of the prison friends of the dying men.

JURY COMPLETED.

Opening Statements Made in Trial of
Howard for Murder of Goebel.

Frankfort, Ky., April 11.—The selection of the jury in the case of James Howard, who is charged with killing Governor William Goebel, was completed in the afternoon and the opening statements of what the commonwealth and defense expect to prove by witnesses were placed before the court. Judge Benjamin Williams of the side of the commonwealth, stated that the prosecution would show to the jury that Governor W. S. Taylor had the defendant brought here in January, 1900, for the purpose of killing Goebel. Attorney James A. Scott for the defense stated that the defendant would be able to show the jury that Youtsey and not Howard killed Goebel.

SEVERE STORM RAGING.

The wind at some points reached a velocity of between thirty-five and forty miles an hour, and telegraph and telephone service is partly demoralized. At Butte, Mont., a heavy snow is reported, and snow is also reported at many Idaho points. In Salt Lake a heavy rain turned to hail and finally to snow. Severe frosts are predicted, and the weather bureau has sent out warnings through the fruit districts.
